

REGISTERING FOR THE COUNTRY MUSIC MARATHON

This list is kind of long, but that is only because I am super detailed. The whole process should take less than 10 minutes. If you really focus on it, you can do it in 5. I'd love to see people make some posts on the site about how quickly they registered. ;-)

1. If you are not already at the CMM website, [click here](#).
2. Click the yellow "Register Online" button on the right side of the page (its just under the search box).
3. On the next page, toward to bottom of the screen you will see a red "Continue Registration" button. Click that button and your browser will open a new window - this is good.
4. Choose the half or full marathon, you can do either as part of *Powered by Hope*. Click CONTINUE.
5. Either create a new user account (left side) OR sign in with your existing account. Click CONTINUE.
6. Choose who you are registering for. Once you choose the participant several fields will need to be filled out below.
 - a. For the question "how did you hear about this event" - choose "Charity Training Program"
 - b. **For the question "would you like to fundraise and join the St Jude Heroes program" - choose "NO"**
 - c. The remaining items are completely optional and don't have an effect on *Powered by Hope*.
 - d. Make sure to read the releases and waivers and then check the boxes next to them. Click CONTINUE
 - e. If you made a mistake, it will notify you at the top of the page, but all your info is still saved - whew!! Just scroll down and look for the tan areas and make whatever adjustments you need to. Click CONTINUE
7. Now you are at the Review Cart page - almost done!! You will notice there is a small processing fee. You are not the only one, everyone has to pay this. If everything is good click CHECK OUT.
8. Enter your credit card info - you've done this before, right? This part should be pretty easy. They've also imported a bunch of the info you put in previously, so this won't take long. If you are a new user, the last thing you will have to do is create an account by putting in a password and then confirming it.
9. Click AGREE AND COMPLETE PURCHASE. You're done! Whoopee!! They will send you a confirmation email, save that for your records, you will the need the registration number for *Powered by Hope* Registration. Go for a run.
